|01| INTRODUCTION

The State Government entrusted the implementation of Water (Prevention and Control of Pollution) Act, 1974 through Notification No. 51(7) /Home/88/868 DATED 21/07/1988 to Land Use and Environment Board and the Act came into force with effect from 25/02/1989 in the State Vide Notification No. 1(4) F/89/214 dated 17/07/1989.

The State Pollution Control Board-Sikkim (SPCB-Sikkim) was created under the provision of Sub-Section (1) of Section 4 of the Water (Prevention & Control of Pollution) Act, 1974 vide Government Notification No. 30/Home/2008 dated 19/03/2008 published in Extraordinary Gazette No. 119 dated 10/04/2008.

The main function of SPCB-Sikkim is to act as a regulatory as well as an advisory body. Under the advisory function, SPCB-Sikkim advises the state government in terms of measures to be taken for prevention, control and abatement of pollution and under the regulatory function, the SPCB-Sikkim is bestowed with the power of implementation of different Acts and Rules pertaining to environment pollution control.

The State Pollution Control Board-Sikkim implements the following Acts and Rules in the State of Sikkim:

1. Water (Prevention & Control of Pollution) Act, 1974.
2. Air (Prevention & Control of Pollution) Act, 1981.
3. Environment (Protection) Act, 1986.
4. Public Liability Insurance Act, 1991.
5. Hazardous & Other Wastes (Management & Transboundary Movement) Rules, 2016.
6. Bio-Medical Waste Management Rules, 2016.
7. Solid Waste Management Rules, 2016.
8. Plastic Waste Management Rules, 2016.
9. E-Waste (Management) Rules, 2016.
10. Construction and Demolition Waste Management Rules, 2016.
11. Noise Pollution (Regulation & Control) Rules, 2000.
12. Batteries (Management & Handling) Amendment Rules, 2000.
13. Environmental Impact Assessment Notification, 2006.

SPCB-Sikkim works under the administrative control of Forest and Environment Department, Government of Sikkim.

With the increase in population pressure, industrialization, urbanization and massive developmental activities, the duties of SPCB have increased manifold and in order to implement the different provisions of the Acts and Rules, SPCB-Sikkim has inducted different scientific and technical manpower to strengthen the functions of SPCB viz., Scientist B, Environmental Engineer, Junior Scientific Assistants, Laboratory Assistants, Project Assistants and Field Attendants.

05 | STATUS OF IMPLEMENTATION OF SOLID WASTE MANAGEMENT RULES 2016

1. Status of Solid Waste generation and disposal in the State.

The status of solid waste generation and disposal as reported from seven (07nos.) Urban Local Bodies (ULBs) under Urban Development Department viz., Gangtok Municipal Corporation, Singtam Nagar Panchayat, Rangpo Nagar Panchayat, Namchi Municipal Council, Nayabazar-Jorethang Nagar Panchayat, Gyalshing Nagar Panchayat, Mangan Nagar Panchayat is

Total waste generation (Tonnes Per Day/ TPD)	:	65.5
Quantity of Municipal Solid waste (MSW) collected(TPD)	:	65.5
Quantity of MSW treated (TPD)	:	17.5
Quantity of MSW disposed in secured landfill site (TPD)	:	48.0

2. Solid Waste Management Facilities.

- 50 TPD capacity compost plant installed at Martam landfill.
- 01 TPD capacity organic waste converter installed at Lal Bazar vegetable market.
- 25kg capacity organic waste converter installed at Mangan vegetable market.
- 07KL capacity bio-digester plant installed at Gyalshing.
- Community compost pit for biodegradable waste constructed in rural areas wherever feasible.
- 26 Resource Recovery Centres (RRC) have been constructed in different rural blocks for non-biodegradable waste.

The above solid waste management facilities are being augmented by new construction of Material Recovery Facility (MRF) centres, installation of waste processing facility at Mangan, installation of Plastic waste management unit in all rural blocks, involving local NGOs/SHGs for collection of segregated solid waste.

3. Sensitization program on Waste Management by SPCB-Sikkim.

A sensitization program on waste management for Hon'ble Councillors of Urban Local Bodies under East and North Districts was organized by SPCB-Sikkim on 28/09/2021 at the conference hall of Gangtok Municipal Corporation (GMC), Gangtok. The programme was participated by Mayor and Deputy Mayor of GMC as well as councillors from GMC, Rangpo, Singtam and Mangan municipal bodies.

The participants were sensitized on the principles of solid waste management and its reflection in the Solid Waste Management and Plastic Waste Management Rules of 2016. The importance of segregation of wastes into biodegradable, non-biodegradable and domestic hazardous wastes by the waste generators and how this facilitates waste management at subsequent stages were explained by the Board. A glimpse of available technologies for waste management was also shown which ought to be adopted for minimization of waste entering into sanitary landfill site. The resource person from Regional Directorate, CPCB discussed some of the best practices adopted for waste management in the North East Region.

The participants interacted and discussed various aspects of waste management and practical problems encountered by them and options to deal with these.

The new measures announced by the Central and State governments for plastic waste reduction especially Single Use Plastics (SUP) were also discussed during the programme.

06 | STATUS OF IMPLEMENTATION OF PLASTIC WASTE MANAGEMENT RULES, 2016

1. Status of Plastic Waste generation and disposal in the State.

The status of solid waste generation and disposal as reported from seven (07nos.) Urban Local Bodies (ULBs) under Urban Development Department viz., Gangtok Municipal Corporation, Singtam Nagar Panchayat, Rangpo Nagar Panchayat, Namchi Municipal Council, Nayabazar-Jorethang Nagar Panchayat, Gyalshing Nagar Panchayat, Mangan Nagar Panchayat is

Total Plastic waste collected (Tones per annum- TPA)	: 104.74
Channelized for recycling (TPA)	: 73.48
Channelized for use i.e. making basket etc. (TPA)	: 0.50
Landfill site (TPA)	: 30.76

2. Plastic Waste Management Facilities.

- a) 26 Resource Recovery Centres (RRC) have been constructed in different rural blocks for non-biodegradable waste.

The above solid waste management facilities are being augmented by new construction of Material Recovery Facility (MRF) centres, installation of waste processing facility at Mangan, installation of Plastic waste management unit in all rural blocks, involving local NGOs/SHGs for collection of segregated solid waste.

3. Quantity of Plastic Waste generated from ea

i.	Gangtok Municipal Corporation	: 39.70 TPA
ii.	Rangpo Nagar Panchayat	: 45.00 TPA
iii.	Namchi Municipal Council	: 07.14 TPA
iv.	Mangan Nagar Panchayat	: 05.40 TPA
v.	Naya Bazar Jorethang Nagar Panchayat	: 04.50 TPA
vi.	Singtam Nagar Panchayat	: 01.50 TPA
vii.	Gyalshing Nagar Panchayat	: 01.50 TPA

4. Plastic Waste Management Rules, 2016 Amended.

The Central Government by its Gazette notification no. 459 dated 12th August 2021 has amended the Plastic Waste Management Rules 2016 to prohibit use of certain single use plastic items in the country to contain the pollution caused by improper disposal of these items.

The following single use plastic items have been prohibited from use in the country:

- i) Plastic carry bags of thickness less than 75 microns have been prohibited with effect from 30th September 2021.
- ii) From 31st December 2022 plastic carry bags of thickness less than 120microns will be prohibited.
- iii) Similarly, non-woven plastic carry bags shall not be less than 60 Gram Per Square Meter (GSM) with effect from the 30th September, 2021.
- iv) With effect from 1st July 2022 the following SUP item are prohibited from use i.e, ear buds with plastic sticks, plastic sticks for balloons, plastic flags, plastic candy sticks, plastic ice-cream sticks, polystyrene (thermocool) for decoration, plastic plates, plastic cups, plastic glasses, plastic cutlery such as forks, spoons, knives, straw, trays, wrapping or packing films around sweet boxes, invitation cards and cigarette packets plastic or pvc banners less than 100micron thickness and plastic stirrers

Hence the manufacture, import, stocking, distribution, sale and use of all the above SUP items will also be prohibited from the dates mentioned above.

5. Training for Waste Audit.

The State Pollution Control Board- Sikkim in coordination with GMC and CPCB conducted a training of volunteers for undertaking survey of single use plastics at Martam, East Sikkim on 24th September 2021. The training was imparted to volunteers who will be undertaking field and market surveys of selected wards under different local bodies of the State to assess the availability and use of single use plastics. This exercise shall be taken over a period of more than one year to gauge the impact of ban that has been imposed on certain single use plastics with effect from next year by the recent amendment to the Plastic Waste Management Rules, 2016.

The surveys will be taken up in the solid wastes generated from selected wards of urban local bodies and sixteen gram panchayat wards which were designated as model panchayats to achieve full compliance in solid waste management. It is also proposed to take up the surveys in few tourist areas of the State.

The resource persons for the said training were from Regional Directorate, Shillong, CPCB, State Government officers from Urban Development Department (UDD), Rural Development Department (RDD), SPCB and GMC as well as NGOs like World Wide Fund-Sikkim unit (WWF), Ecotourism and Conservation Society of Sikkim (ECOSS), Voluntary Health Association of Sikkim (VHAS).

6. Constitution of SUP committee.

As per the direction of the Ministry of Environment, Forests and Climate Change as well as the Central Pollution Control Board all Pollution Control Boards have to undertake field and market surveys both to assess the availability and use of prohibited single use plastics as well as that of permitted ones. Accordingly, SPCB-Sikkim formed a committee consisting of officers drawn from Forest and Environment Department, Rural Development Department, Urban Development Department and from NGOs like WWF, ECOSS, VHAS and KCC to formulate the plan for SUP survey, its operation and monitoring.

7. Initiatives taken by State Government for Single Use Plastic Waste Management.

- a. Ban on plastic packaged drinking water bottle up to two (02 litres) capacity w.e.f. 1st January 2022 vide Notification No. 135/GOS/F&ED/PCCF-ACS dated 29/12/2021.
- b. NOC has been granted to NGOs to collect domestic plastic waste and channelize to appropriate recyclers.
- c. Bins have been installed in the collection vehicles for separate collection of recyclable plastic by registered scrap collectors.
- d. Utilization of Plastic for road construction project has been initiated by NHIDCL in Rorathang area, Pakyong District in collaboration with ULBs.
- e. Directions have been issued to industries for registration of producers, importers and brand-owners under the Plastic waste Management Rules, 2016.
- f. Initiatives being taken by SPCB-Sikkim for compilation of registration of brand owners of single use plastic (SUP)/ plastic packaging.
- g. State Level Task Force for elimination of SUPs and preparation of comprehensive action plan in mission mode has been constituted.
- h. Notice for registration of producers, importers and brand-owners under provision of PWM Rules 2016 issued vide F. No. 1073/ SPCB/527 dated 07/07/2021.

- l. As per the directions of the CPCB vide F.No. B-17011/UPC-II-PWM(SUP)/2021/4212 dated 29/07/2021 the SPCB has conducted sensitization and capacity building programme for phasing out of SUPs to various stakeholders and councillors of ULBs.
- j. Awareness Programme for PIBO, Distributor, Whole seller & Waste Management Agency on Extended Producer Responsibility of Plastics was conducted by SPCB-Sikkim on 30/11/2021
- k. Hon'ble Chief Minister of Sikkim launched State wide Plastic Waste Awareness Week on 05/03/2022 at Samman Bhawan. The awareness week is to be celebrated w.e.f. 6th March 2022 to 12th March 2022. Its main objective was to create awareness of the health hazards of plastics among the public and the need to properly dispose plastic waste.
- l. Notice for prohibiting manufacture, import, stocking, distribution sale and use of SUP was brought out by SPCB on 10/03/2022 in local newspapers.
- m. Notice brought out by SPCB on 10/03/2022 to inform all concerned that CPCB has setup an exclusive centralized portal for registration PIBOs and PWP in local newspapers.

STATUS OF IMPLEMENTATION OF BIO-MEDICAL WASTE MANAGEMENT RULES, 2016

1. Status of Health Care Facilities, Bio-Medical Waste generation and disposal in the State.

The status of Bio-Medical Waste (BMW) generation and disposal and the Health Care Facilities (HCF) in the State is summarized below:

- i. There are total 184 HCF under Health and Family Welfare Department, which includes one 1000bedded New STNM hospital, 04 district hospitals, 02 CHCs, 24 PHCs, 151 PHSCs and 2 Ayush hospitals.
- ii. Under private sector there are three hospitals viz.
 - a. 550 bedded CRH, Manipal, Gangtok,
 - b. 25 bedded NHPC Hospital, Balutar, Singtam and
 - c. 10 bedded NHPC Hospital, Rangit.
- iii. There are 23 veterinary institutions (HCF) under Animal Husbandry and Veterinary Services.
- iv. In addition to above few numbers of private diagnostic centers and clinics are operating in the State.
- v. Quantity of BMW generated (in kg/day) = 545.34
- vi. Total waste treated and disposed by captive treatment facilities (in kg/day) = 545.34
- vii. Common Bio-Medical Waste Treatment Facility in the State (CBWTF) = Nil

2. Inspection of Health Care Facilities.

SPCB-Sikkim officials conducted inspection of HCFs in all the districts of the State to check how the covid bio-medical wastes were being managed by hospitals and covid care centres. The inspection covered hospitals at Gangtok (STNM and Central Referral Hospital), Singtam, Namchi, Gyalshing, Mangan and covid care centres at Palzor stadium, Kyongsa, Soreng and Chisopani.

The main checks were undertaken on the mode of collection and storage of various categories of biomedical wastes into different colour coded bins and dedicated storage areas, the functioning of autoclaves, shredders, captive incinerators authorized by SPCB-Sikkim, the effluent discharge and ash collection. The record of wastes collected and the reporting regularity were also checked. The maintenance of deep burial pits, sharp pits and

provision of protective gear to staff were examined. The concerned authorities of HCFs were informed about the observations of the inspecting officials and were directed to rectify the several lacunas observed.

3. Training

As reported by the HCFs, a total of 383 nos. of training/ workshop were conducted by them to train their personnel on biomedical waste management.

The SPCB and CPCB together conducted a training of officials of Animal Husbandry Department on 29th September 2021 on biomedical waste management and the provisions of the BMW Rules 2016. Biomedical waste management as per these Rule is to be practiced by all veterinary hospitals and dispensaries of the State.

SPCB-Sikkim also conducted a hands on training on 9th and 10th March 2022 for all HCFs on registration and filling up of online application for consent and authorization in online continuous monitoring and management system (OCMMS).

STATUS OF IMPLEMENTATION OF HAZARDOUS & OTHER WASTE MANAGEMENT & TRANSBOUNDARY MOVEMENT RULES 2016

1. Status of Hazardous Waste generation and disposal in the State.

During the annual year of 2021-2022, the total hazardous wastes generating industries were 49 in number out of which 28nos. were located in East District and 21nos. located in South District.

The above industrial units generated incinerable hazardous waste to the tune of 1744.28 MT and recyclable hazardous waste to the tune of 38.53 MT. Out of 1744.28 MT incinerable hazardous waste generated 1148.49MT were utilized for co-processing at cement plants in Assam and 634.82MT were disposed off at TSDF in West Bengal. Out of 38.53MT recyclable hazardous waste 28.63 MT were disposed off at recycling plant in West Bengal.

The quantity of hazardous waste that has been transported for disposal and co-processing is inclusive of the **end of the year storage** for the year 2020-2021.

2. Authorization under H&OW(M&T) Rules, 2016.

SPCB-Sikkim initiated the grant of online authorization under H&OW (M&T) Rules, 2016 through SPCB-Sikkim OCMMS portal from the year 2021. The facilities for management and storage of hazardous waste of all occupiers are inspected before the grant of authorization. The inspection is conducted in the format prepared by CPCB as directed by the Hon'ble NGT in the order dated 30.07.2018 in the matter of O.A. No. 804 of 2017 (Rajiv Narayan &Anr. Vs. Union of India & Ors.).

3. Training

SPCB-Sikkim also conducted a hands on training on 9th and 10th March 2022 for all occupiers regarding registration and filling up of online application for authorization in online continuous monitoring and management system (OCMMS).

09 | STATUS OF IMPLEMENTATION OF BATTERY (MANAGEMENT & HANDLING) RULES 2001

30

1. Status of *Battery Waste generation and disposal* in the State.

The State has only eight (08) number of dealers in battery which are registered under SPCB-Sikkim. There are no manufacturers, importers, assemblers and auctioneers dealing with lead acid battery in the State.

The four (04) pharma formulation units who fall under bulk consumer (i.e. who purchase hundred or more than hundred batteries per annum) are as follows:

Sl. No.	Name of Pharmaceutical	Battery Purchase In Year 2021-2022
1	Cipla Unit I	230
2	Cipla Unit II	136
3	Sun Pharma Unit II	150
4	Torrent Pharma Unit I	103

The total number of lead acid batteries purchased by bulk consumer during 2021-2022 is 619 nos. weighing 108358.53 kg.

The used batteries are taken back by the registered dealers as buy back policy and appropriate discount is being given for each new purchase by the dealers.

10 STATUS OF IMPLEMENTATION OF E-WASTE MANAGEMENT RULES, 2016

32

1. Status of E - Waste generation and disposal in the State.

The annual report submitted by collection centres and bulk consumers states that the total e-waste generation during 2021-22 is 8468.215 kg and 89 nos. out of which 6361.257kg and 89 nos. are information technology and telecommunication equipments and the balance 2106.958 kg are consumer electrical and electronics.

The state has no producer of electronic equipments and refurbisher, dismantler and recycler of e-wastes. The collection centres have been set up in Gangtok Municipal Corporation, Namchi Municipal Council and Gyalshing Nagar Panchayat due to the absence of collection centres that is to be set up by Producers under the EPR provisions of the Rules.

There are no informal sector for dismantling and recycling of E-waste in the state.

2. Disposal of e-waste

J. S. Pigments Pvt. Ltd. of Kolkata, West Bengal has been authorized for collection, transportation and recycling of e – waste from the state of Sikkim.

ANNUAL REPORT OF CONSTRUCTION AND DEMOLITION WASTE MANAGEMENT

The Sikkim State Construction and Demolition Waste Policy is being reviewed for obtaining approval of the Government. The various initiatives being taken up for management of construction and demolition waste are as follows:

1. Gangtok Municipal Corporation (GMC), East Sikkim has initiated through appeal to the waste generator for disposal of C&D waste at the area designated for C&D waste beside landfill site without levying of tipping fee, subject to obtaining of permission from GMC.
2. Meetings have been conducted with all the concerned line departments regarding the implementation of provisions under C&D Waste Management Rules, 2016.
3. Sensitization programmes have been conducted by SPCB-Sikkim on C&D Waste Management Rules, 2016 for the executing officials at the block and district level.

ANNUAL REPORT ON NATIONAL AMBIENT AIR QUALITY MONITORING PROGRAMME FOR THE PERIOD 2021-2022

The air quality monitoring was conducted throughout the year in all the eight stations of the state and as per the findings the level of air pollutants remained significantly low in all stations. All the values of PM₁₀, NO₂ and SO₂ in all the eight stations were found to be within the national annual average standard of 60µg/m³, 50µg/m³ and 40 µg/m³ respectively.

Air quality index (AQI) has been calculated as per the CPCB guideline taking into account three criteria pollutants in the State i.e, PM₁₀, NO₂ and SO₂.

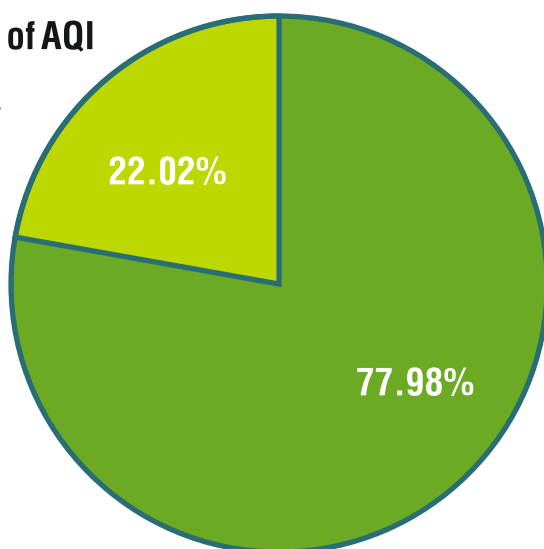

AQIs in all the stations are within Good and Satisfactory range.
